

## LT. PETROSINI'S MISSION TO ITALY

Was Working Out Plans for Checking Black Hand Immigration to This Country.

### DETAILS VERY COMPLETE

Were Record of Criminals—Chief Reason for Coming to U. S. Ease With Which Escape Punishment.

New York, March 15.—Discussion of the assassination in Italy of Police Lieut. Joseph Petrosini brings out the fact that he was working out the details of a plan for checking the Black Hand which was prepared originally for the national immigration commission, which was appointed some time ago by Congress to investigate the immigration problem and to devise means for regulating the evils attendant thereto. After consideration by the commission the draft was turned over to the New York police department and it was considered an excellent scheme through which the New York police could work against Italian criminals. This is probably what gave rise to the rumors that Petrosini had gone to Italy on a "special federal mission."

Through the report covered the ground in detail it contained four principal recommendations as follows:—

1.—Get first from the criminal records in Italy a list of the criminals who have finished their terms of state prison in the last six years.

2.—Establish which of these ex-convicts went openly or secretly to America. Get, if possible, the address, his photograph, and then secure the penal certificate necessary to start here on the proceedings for deportation.

3.—Through the same criminal records get the names of criminals who have been convicted, and whose terms in prison expire within the next six years.

These names kept in orderly record could furnish to the immigration authorities a means to prevent the introduction into the United States of other criminals and would aid further investigations in the future.

In pointing out why Italian criminals were anxious to come to America, the report said:

"The main reason why they come to America is one very important here to be considered and that is the ease with which it is possible to escape punishment in the United States."

### HEIRS OF ANDREW J. DAVIS ARE FIGHTING OVER HIS ESTATE.

Boston, March 15.—Although Andrew J. Davis, a millionaire mine owner of Butte, Mont., has been dead more than 20 years, the litigation over his estate, which has been in the courts of Montana and Massachusetts, is not yet finished. In the United States Circuit court today, Joseph A. Coram, a mining promoter, brought suit against the Davis heirs, asking for a first lien on the estate in Massachusetts, which consists of \$440,000 in cash and \$175,000 in bonds of the Butte & Boston company.

The original Davis estate amounted to \$6,000,000. In the early suits a bogus will appeared and the numerous heirs secured the necessary funds to fight from Mr. Coram. After the heirs had won their case the disarray and further litigation resulted in a compromise.

Then the widow of Col. Robert G. Ingersoll brought suit for legal services rendered by her husband, who was counsel for the estate. The supreme court of the United States awarded her \$100,000 and interest.

### THE LURID GLOW OF DOOM

was seen in the red face, hands and body of the little son of H. M. Adams, of Henrietta, Pa. His awful attack from eczema had, for five years, defied all remedies and baffled the best doctors, who said the poisoned blood had affected his lungs and nothing could save him. "But," writes his mother, "seven bottles of Eczema Bitters completely cured him." For Eruptions, Eczema, Salt Rheum, Sores and all Blood Disorders and Rheumatism Eczema Bitters is supreme. Only 50c. Guaranteed by Z. C. M. I. Drug Dept., 112-114 S. Main St., Salt Lake City.

### BRYAN DOESN'T KNOW

Whether He Will Be Candidate for Senator From Nebraska.

Chicago, March 15.—William J. Bryan, in an interview here today, impressed his auditors with the idea that he will be a receptive, if not an active candidate for the United States senate from Nebraska in 1911, to succeed Elmer J. Burkett, Republican.

"Nebraska has adopted the Oregon plan of popular elections," said Mr. Bryan. "I don't know yet whether I will be a candidate. A senatorship I

Only One "BROMO QUININE" that is Laxative Bromo Quinine & Co. on every Cures Cold in One Day, Grip in 2 Days

[FROM NEW YORK WORLD, OCT. 2, 1908.]

## PRISON HARDSHIPS AFFECTED AFTER LIFE

One of the most interesting experiences that has been recorded in connection with the Cooper remedies, which are now being extensively sold in this city, is related by Mrs. Henry Strattmann of 265 East Tenth street, New York. Mrs. Strattmann describes the case of her husband, a veteran of the Civil war, who spent eleven months of his service in Andersonville prison. She says:

"My husband had stomach trouble for many years. He was for thirty-four years employed in a sugar refinery. He is an old soldier of the Civil war, and during that struggle was incarcerated for eleven months in Andersonville prison. As a result of the hardships imposed upon him at that time, he has never had a healthy stomach since. "During the past twelve years, however, his trouble gradually became more aggravated, and for several years he has suffered terribly. He got to be so very sparingly and seemed to have no desire for food. Liquids formed his principal diet, as solid food

## A BLESSING TO MANY SUFFERERS

A Plain Home Prescription Highly Recommended for Elderly People.

### RELIEVES KIDNEY TROUBLE

Simple Home Made Remedy and How To Prepare It If You Have Urinary or Bladder Trouble or Rheumatism.

This is a simple home recipe now being made known in all the larger cities through the newspapers. It is intended to check the many cases of Rheumatism, kidney and bladder trouble which have made so many cripples and invalids and weakenings of some of our brightest and strongest people.

The ingredients here have been notified to supply themselves with the ingredients, and the sufferer will have to trouble to obtain them. The prescription is as follows: Final Extract Dandelion, one-half ounce; Compound Kargon, one ounce; and Compound Syrup of Sarsaparilla three ounces. Mix by shaking well in a bottle. The dose is one teaspoonful after each meal and at bedtime.

Recent experiments prove this simple mixture effective in Rheumatism, because of its positive action upon the eliminative tissues of the kidneys. It compels these most vital organs to filter from the blood and system the waste impurities and uric acid which are the cause of rheumatism. It cleanses the kidneys, strengthens them and removes quickly such symptoms as headache, blood disorders, bladder weakness, frequent urination, painful scalding and discolored urine. It acts as a powerful stimulant to the entire kidney and bladder structure.

Those who suffer and are accustomed to purchase a bottle of medicine should not let a little inconvenience interfere with making this up.

Applied to even when a boy. If there seems to be a good chance to elect to the senate from Nebraska some other Democrat, it will phase me better than to be a candidate myself. I think the Democratic party is in better condition than at any time since 1892, and that it has an excellent chance to control Congress in 1910."

### SIMPLE REMEDY FOR LA GRIPPE

La grippe coughs are dangerous as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Refuse substitutes. F. J. Hill Drug Co. ("The Never Substituted.")

### NICARAGUA NOT ON THE OFFENSIVE

Washington, March 15.—Nicaragua, through her minister here, Senor Bepinosa, protested to Secy. Knox today that the military and naval activity in progress in that country is entirely for defensive purposes; that she does not contemplate attacking her sister republics, and that internal conditions are quiet.

Her minister went to the state department with a bundle of dispatches and spent half an hour with the secretary, during which he discussed the Emery claim, which has been the source of dispute between the two countries for years. Both the secretary and the minister later expressed hope for a satisfactory adjustment of the claim and a peaceful solution of the whole situation.

The administration has decided, however, to increase the naval force in Central America waters to six vessels. In addition to the Yorktown, now en route for Anapala, Honduras, the armored cruisers Maryland and Washington are to remain on the coast, the former going to Acapulco, Salvador, and the latter to Corinto.

The most significant news today was that about six Nicaraguan troops are near the Honduran frontier, the chief scene of activity being in the neighborhood of Corinto, where are also concentrated four gunboats and other auxiliary craft.

A feature distasteful to the state department is the manner in which J. C. Gregory, the secretary of legation at Managua, who has been ordered to Washington, is being treated. There are evidence of hostility to him, and it is understood also that some of his dispatches have been delayed.

The state department, though irritated, is not disposed to act hastily and is seeking the views of the various capitals in Central America.

### FAKE FIGHT SWINDLE

St. Louis, March 15.—Postoffice Inspector Swenson today mailed 40 circular letters to various victims of the swindling operations of J. C. Maybray and his associates, asking the recipients to testify before the federal grand jury in Council Bluffs, Ia., where the case is to be considered. Swenson

received a letter today from Frank H. Pilling of Topeka, Wash., saying that he was swindled out of \$15,000 in a "fake" prize fight last August. When he complained to the authorities he was arrested and sentenced to a year's imprisonment for aiding and abetting the fraud. He has appealed from that judgment and is anxious to testify against Maybray.

### J. P. MORGAN'S DAUGHTER

Will Open a Restaurant in Brooklyn Navy-Yard.

New York, March 15.—Miss Annie Morgan, daughter of J. Pierpont Morgan, will open a restaurant in the Brooklyn navy yard about May 1. As chairman of a committee appointed by the New York section of the National Civic federation, Miss Morgan has been authorized by the government to carry out the plan, which aims to provide for the men who work in the navy yard better food than they can now obtain and at less money.

In a statement today Miss Morgan said: "We have been working for a long time on this plan. The restaurant is very needed. Most of the men at present have to go to the saloon for their lunches. We hope to show the navy department that the restaurant can be run on a self-supporting basis, so that the government will take it off our hands and perhaps establish others like it in other yards where they are equally needed."

The government has granted the use of a warehouse, 65 feet wide and 230 feet long, and 700 men can be fed with difficulty at one time.

Miss Morgan's younger sister, the wife of Herbert E. Saterlee, former assistant secretary of the navy, is also interested in the scheme.

Mrs. E. H. Gray, wife of the chairman of the United States Steel corporation, is a member of the committee. Other women who have assisted are Mrs. Andrew Carnegie, Miss J. Borden Harriman and Mrs. Frances Higginson Cabot.

### STANDARD OIL CO. MUST PAY FINE

Buffalo, N. Y., March 15.—Federal Judge Hazel today denied the motion of the Standard Oil company for a new trial, and imposed a fine of \$20,000. The case hinged on the Standard's accepting concessions from railroad companies on shipping oil from Olean, N. Y., to points in Vermont.

### WORMOLOGY

should be studied by every parent. If your child is nervous, fretful, starts in its sleep, is constipated, has worms under its eyes, always seems hungry, is not gaining weight, you can see the trouble in a few days. Worms in the stomach are an absolute cure for worms. It's own purgative. Sold by Z. C. M. I. Drug Store, 112 and 114 South Main St.

### ETHEL BARRYMORE MARRIED.

Several Church Dispensations Were Necessary First.

Boston, March 15.—Miss Ethel Barrymore, the actress, has been married to John Barrymore, brother of the late John Barrymore, at the Roman Catholic church of the Most Precious Blood in Hyde Park yesterday, according to an announcement made tonight by Miss Barrymore's manager.

The marriage was formally witnessed by John Barrymore, brother of the bride, and by Roswell Colt, brother of the groom.

Several church dispensations were necessary, as Mr. Colt is not a Roman Catholic, his bride is a resident of another diocese and it is not the custom of the church to marry in Lent.

### KILLS WOULD-BE SLAYER.

A merciless murderer is Appended with many victims. Dr. King's New Life Pills kill it by prevention. They gently stimulate stomach, liver and bowels, preventing that clogging that invites appendicitis, curing Constipation, Chills, Malaria, Headache and Indigestion. 25c at Z. C. M. I. Drug Dept., 112-114 So. Main St., Salt Lake City.

### Kniefel's Cafeteria, 117 So. Main.

We serve breakfast. See what to eat before ordering.

### NEWFOUNDLAND FISHERIES.

Personnel of Hague Court to Hear Case Agreed Upon.

Washington, March 15.—Direct agreement has been reached between Great Britain and the United States on the personnel of the court at The Hague, which is to pass upon the issues regarding the Newfoundland fisheries. The list follows:

Dr. Heinrich Lammasch of Austria, umpire, who will act as president; Luis A. Brago, Argentine republic; Jonkheer A. F. D. Soeren Loheman, The Netherlands; Judge George Gray, Delaware, and Chief Justice Charles Fitzpatrick, Canadian supreme court. The tribunal will meet April 4 of next year.

Takes away that careworn, tired, sickly, winter look. Put a spring in every bone. Give you that fresh, bright, happy, happy, Hollister's Rocky Mountain Tea has been the Spring cleanser and regulator of millions of people; there's nothing just as good. 35 cents. Godbe Pitts Drug Co.

### N. Y. PUBLIC SCHOOLS.

Plans to Change Them to a Six and Six Years Basis.

New York, March 15.—If plans suggested by a special committee are adopted, the New York public school system, which now extends over a period of 12 years—eight years in elementary work and four years of high school work—will be changed to a six and six basis. Elementary and high school work will be equalized, although the six years of high school work will be subdivided into two equal parts, the first to be known as sub-high school course and the remainder to be finishing work. The plan is approved by the city club and by leading educators throughout the country, including Elmer Ellsworth Brown, United States commissioner of education. The National Educational association at its last meeting at Cleveland, also adopted resolutions favoring the plan. A member of the committee explaining the proposal, said:

"One of the big features of the plan is that providing for turning the child, whose circumstances or inclination make it desirable, into the industrial or vocational line of training earlier than is now done. Our present system aims at the training of brain workers and ignores to a great extent the training for manual arts. In the sub-high school two courses will be provided, one leading, as at present to the advanced work of the regular high schools and preparatory for college. The other course, which is the high school will be of an industrial or vocational order, leading to the work of the manual training high school, or to other trade schools, such as are planned by the state."

A draft of the plan has been submitted to the charter commission. It is predicted that the scheme will be incorporated in the administrative code of the charter.

## WOULD CREATE RAILROAD POOL

Scheme Credited to Harriman to Combine Interests of Common Carriers.

### BENEFIT OF STOCKHOLDERS.

Magnate Expects Congress to Amend Existing Laws as to Permit Proposed Merger.

Pasadena, Cal., March 16.—Notwithstanding all the efforts that have been made to prevent pooling of railroad interests and combinations among those who control stocks of railroads, there is evidence today that E. H. Harriman has in mind a scheme to bring about a mutual understanding in regard to traffic arrangements between all railroads of the country and uniformity of rates that will add greatly to the benefit of the stockholders, and that the conference which is to be held at Pasadena while Mr. Harriman is here will be concerned more or less with the plan. Not all of the railroad men who are to take part in the conference, which Mr. Harriman still denies will be held, have arrived, and nothing of importance has yet been attempted.

C. O. Butterworth of the New York Central road will arrive some time tomorrow. It is evident that Mr. Harriman confidently expects that Congress, at the special session, will make some amendment to the laws governing the interstate commerce commission's work.

Mr. Harriman was asked: "How soon do you expect the railroad men to be able to resume work on the senate floor?"

"How soon do you expect the railroad men to be able to resume work on the senate floor?"

"You may say," he answered, "that as soon as an amendment is passed giving the interstate commerce commission power to regulate the roads to enter into a mutual agreement—that is, permitting the strong roads of the country to extend their control and protection over the weaker roads—just as soon as the long-controversy there will be taken up and rushed through to completion."

"This means, of course, the expenditure of an immense amount of money and the result will be a reduction in the cost and operation and in charges."

"At the present time, you know, there is a clause in the law which prohibits one railroad from controlling over a parallel or competing line. This is what we want changed. It is a question of the weaker and the stronger. If the stronger are allowed to come to the aid of the weaker roads, there will be a great betterment of conditions all along the line, and the employment of thousands of men and the opening of many new lines."

### WOULD NOT TALK RATES.

Asked as to whether this would mean a marked reduction in rates, Mr. Harriman said he preferred not to talk of rate reduction. He also preferred not to talk about the changes which it has been said are to be made in the personnel of the officers of the Southern Pacific and other roads over which he has control.

Inasmuch as he would not admit that there was to be any conference, or give any reason for the presence of so many of his lieutenants in this part of the country at this time, the matter of changes would not be discussed with him.

### KNOWS OF NO CONFERENCE.

Ogden, Utah, March 15.—Another party of railroad officials enroute to the Harriman conference on the coast, passed through Ogden this morning, in the private car of O. E. Butterworth of the New York Central road.

Mr. Butterworth refused to affirm that the shaking up in the Harriman road would result in J. T. Harahan of the Illinois Central going to the New York Central. He disclaimed any knowledge of the purpose of the conference.

### THEY SIMPLY CALLED.

No Conference Was Held but Mr. Harriman Receives Officials.

Pasadena, Cal., March 15.—While it may be definitely stated that no conference of railroad officials took place here yesterday, Mr. Harriman had many callers and among these were E. E. Calvin, vice president and general manager of the Southern Pacific; J. P. O'Brien, president and general manager of the Oregon Railway & Navigation company; J. H. Ferrell, Seattle representative of the Harriman interests; J. T. Harahan of the Illinois Central; William Hood, chief engineer

### Up-Set Sick Feeling

that follows taking a dose of castor oil, salts or calomel, is about the worst you can endure—Ugh—it gives one the creeps. You don't have to have it—CASCARETS move the bowels—tone up the liver—without these bad feelings. Try them.

CASCARETS are a box for a week's treatment all doctors, druggists and in the world. Million boxes a month.

### LOGICAL ECZEMA CURE

ENDORSED BY PHYSICIANS

After treating eczema for years as a practically incurable blood disease, the medical world is greatly interested in the discovery that it is not a blood disease at all, but is due to a parasite in the skin itself. This parasite is easily destroyed by the external application of a compound of oil of wintergreen, thymol, glycerine, etc. This will quickly kill all eczema germs, while soothing and refreshing the skin.

Dr. R. A. Folke, of Duluth, Minn., tells of the success in treating patients:

"There was a man here suffering from eczema of ten or fifteen years, and I applied the D. D. D. treatment. I also applied it to a man of West Duluth, Minn., who had been suffering with Rheumatism for fourteen years, and Eczema in his feet, and the second treatment in both cases cleared the skin almost absolutely. The first application is a balm, and its soothing effect is beyond expression. I shall never be without it and shall use it among my patients altogether."

No matter how terribly you suffer from eczema, as a result, it is cured. A few drops of this oil of wintergreen compound is applied. The cures all seem to be permanent.—Druehl &

Franken and Z. C. M. I. Drug Store, of the Southern Pacific; J. F. Dunne of the Oregon Short Line, and Julius Kruttschnitt.

### SANTA FE, TOO.

President Ripley Meets With Head Officials at Santa Barbara.

Santa Barbara, Cal., March 15.—Santa Fe officials gathered here yesterday to confer with E. P. Ripley, president of the road who is passing the winter here. George T. Nicholson, third vice president; W. J. Black, passenger traffic manager, and J. E. Gorman, freight traffic manager, arrived last night. J. J. Thorne, assistant passenger traffic manager, and W. G. Barnwell, general freight agent of the Santa Fe coast lines, came yesterday. All of these officials will go to San Francisco today.

### RELIEF FOR UNEMPLOYED.

Chicago, March 15.—Relief for thousands of unemployed laborers is promised by the street car companies in the next few days. The Chicago Railway company today started its program of rehabilitation, which will put nearly 4,000 men to work within a week.

The Chicago City Railway company has most of its rehabilitation done, but expects to employ about 1,000 men in a few days to finish the work it is required to do under the ordinance.

### BOARD RE-ELECTED.

New York, March 15.—The board of directors of the Missouri Pacific Railway company met for organization today and re-elected the old officers. Two new members, Kingdon Gould and H. H. Henson, were elected to the executive committee in the place of Stuyvesant Fish and S. Davies Warfield of Baltimore, resigned.

The directors of the St. Louis, Iron Mountain and Southern railway, re-elected officers and Kingdon Gould, Frank J. Gould and Edwin Gould were elected to the executive committee.

### CITY IN DARKNESS.

Theater Crowds Had to Walk Home Last Night in Consequence.

Fire in the dynamo room at the Jordan distributing station of the Utah Light & Railway at 11 o'clock last night, shut down the plant and shut off all street car operation for an hour and a half. Crowds of people were leaving the theaters when the accident occurred, and as no cars were moving, everybody started to walk towards home, expecting that the cars would be along presently. However, "presently" was a long time coming; in fact it did not come until the unwilling pedestrians had reached their homes, some of them several miles distant. The necessary repairs are being made today, the central station, in the mean time supplying the deficiency.

### RACE SUICIDE

As President Roosevelt calls it is not nearly the menace to civilization in population that deaths among infants are. And since it is the result of a disease directly or indirectly caused by bowel troubles, McFadyen's Baby Elixir cures every case of race suicide, and all infant ailments of this nature. Just the thing for teething babies. Price, 3c. Sold by Z. C. M. I. Drug Store, 112 and 114 South Main St.

### IN JAIL; NOW A MOTHER.

Marie McGuire, aged 19 years, serving a sentence of 90 days in the city jail for vagrancy, was removed to St. Mark's hospital yesterday by order of Chief Barlow. The woman has served 60 days of her sentence. Shortly after being removed to the hospital a male child was born. The girl claims to hail from Pittsburgh. She left her home several months ago with a theatrical company and came here from Chicago with a man whose name she refuses to give. Chief Barlow has tried to locate her relatives but has been unable to do so. He feels certain that the young woman is conscious of her identity and has not told the truth about her family.

## INFLAMMATION OF THE KIDNEYS

In home talk "Kidney trouble" is inflammation of the kidneys without albumen.

"Bright's Disease" is inflammation of the kidneys with albumen. In such the real trouble is INFLAMMATION OF THE KIDNEYS, hence a cure for one must be a cure for the other. There has been no cure for either.

But many kidney troubled people get well! True—because information of the kidneys unless severe commonly gets well at first. But if it does not yield early and the inflammation persists, the real trouble begins.

You can see why kidney disease has been incurable and why the deaths have risen to over 170 per day—up to the discovery of Fitts' Remed Compound there was nothing known that would reduce inflammation in the kidney tissues.

The old kidney medicines were a misconception, irritating the inflamed kidneys to renewed efforts instead of allaying the inflammation, some of them being actually harmful. Results—physicians have abandoned them. No matter whether you call it "kidney trouble," "Nephritis," or "Bright's Disease," if it has been hanging on a few months recovery can be only hoped for through this specific. It has a proven efficiency in nearly 85 per cent of all cases. It is the only thing known that cures inflammation in the kidneys, which is the real difficulty with kidney troubled people.

Literature mailed free. JOHN F. FITZGERALD, CO., 212 FIRST ST., SAN FRANCISCO. F. J. Hill Drug Co. are our sole local agents. Ask for Bi-Monthly Bulletin of late recoveries.

ly. She was arrested shortly after her arrival in this city.

### IT SAVED HIS LEG.

"All thought I'd lose my leg," writes J. A. Swenson, Watertown, Wis. "Ten years of eczema, that 15 doctors could not cure, had at last laid me up. Then Backen's Arnica Salve cured it round and well." Infallible for Skin Eruptions, Eczema, Salt Rheum, Bolls, Fever Sores, Burns, Scalds, Cuts and Piles. 25c at Z. C. M. I. Drug Dept., 112-114 So. Main St., Salt Lake City.

Grass and Clover Seeds. Bailey & Sons Co., 63 East 2d St.

Salt Lake Photo and Supply Co. Kodaks, finishing, framing. 142 Main St.
